

Dunham US Army Health Clinic
Visitation Policy

To protect the health of our patients, visitors, and staff during the current COVID-19 Public Health Emergency, Dunham US Army Health Clinic, to include Fillmore US Army Health Clinic, Fort Indiantown Gap Troop Medical Clinic and Letterkenny Occupational Health Clinic are implementing a limitation on visitors to our facilities.

Effective as of 23 MAR 2020:

- 1. All patients and visitors entering the facility will be screened for illness prior to entry.**
- 2. Face masks will be provided to patients and visitors with respiratory symptoms, particularly cough and fever. For the safety of all patients and staff, those who choose to not wear a mask when indicated will not be allowed to enter.**
- 3. All patients and visitors must have an appointment, be utilizing ancillary services, or be conducting official business when entering the clinic.**
- 4. Visitors may not accompany patients to their appointment, with the following exceptions:**
 - Minors may be accompanied by one parent, guardian or caregiver.**
 - Elderly patients or those with disabilities who require assistance may have one caregiver present.**

If you need additional assistance or feel you are unable to meet the guidelines above, please contact is at (717) 245-3400.

Thank you for helping us keep our healthcare facility as safe as possible.
